JAMIE'S TOP TIPS

1 Vary how you serve your hummus: crunchy vegetables like radishes, raw asparagus, cos lettuce, or even apple are all delicious – see what’s in season and experiment.

2 Snacking the right way is super important, and the same goes for how you choose to hydrate yourself. Rather than drinking sugary fizzy drinks to fill you up, try flavoring water instead. It can be super exciting – try adding fresh strawberries and mint leaves, sliced citrus fruits or refreshing cucumber, and even pomegranate seeds for a fun, tasty and healthy way to stay hydrated.
